GLOBAL ACTING IN IT

SEPTEMBER - DECEMBER 2026

FIVE UNIVERSITIES IN FOUR MONTHS

Five universities across Europe & Africa created a joint program about IT in an international setting: **GLOBAL ACTING IN IT**. The participating universities are located in: Eindhoven, Lleida, Hagenberg, Hasselt and Pretoria. Students from these universities are welcome to participate in the program and study at each university for three weeks.

CONTENT OF THE PROGRAM

The program consists of five modules in total (30 ECTS - European credits) and one online week. Every module is taught at a different university and covers a specific IT subject. In addition to that, you will be working in international teams on an **overarching stakeholder project** that is linked to the **UN Sustainable Development Goals**.

The three keystones of the program are:

- 1 Examining different IT topics from a global standpoint, with focus on having a positive impact on society, the environment and beyond
- 2 Collaborating in international multidisciplinary teams
- 3 Developing intercultural competences

FOREVER THANKFUL FOR THE EXPERIENCE!

Annika Kritzinger

For me, the minor was all about opening myself up to new experiences, people, cultures and countries. The fact that we spent 3 weeks in each country really ensures that you have to keep pushing yourself in order to fully take advantage of the opportunity. For the past 4 months, I have made some amazing new friends, visited beautiful locations, tried a crazy amount of new foods and learned a lot about new cultures. It was also really interesting to see the different learning approaches and teaching styles in the universities. Overall, this program has made a massive impact on my personal and professional learning journey and I am just to thankful for the experience.

WILL YOU JOIN?

We are happy to welcome you in the Global Acting family! To participate, **please contact the international coordinator/office of your university.**

They also know which grants are available for this program.

Travel and accommodation is not arranged by the universities (only housing in Austria and South Africa), but you can team up with your new classmates as soon as you are enrolled in the program to book flights and accommodation together!
